

EMMANUEL NDIGNAM NELIMO

Aspiring DevOps Engineer | Cloud Infrastructure Lead | Backend Developer | Ghana

Available for Hybrid Internship Roles in Accra/Kigali

Professional Summary

Cybersecurity student and aspiring DevOps Engineer with hands-on experience as a Cloud Infrastructure Lead and Backend Developer. Built automated CI/CD pipelines using GitHub Actions, Docker and Kubernetes, deployed cloud workloads on AWS, and implemented monitoring and zero-downtime deployment practices. Passionate about automation, cloud infrastructure, security, and using technology to support impactful agriculture solutions for smallholder farmers across Africa.

Technical Skills

CI/CD: GitHub Actions, Jenkins Basics | Cloud: AWS (EC2, S3, IAM), Contabo | Containers: Docker, Kubernetes | Linux: Fedora, Bash | Monitoring: CloudWatch, Prometheus, Grafana Exposure | Security: System Hardening, Firewalls, SIEM Fundamentals | Programming: Python Basics, Bash

Project Experience

Cloud Infrastructure Lead & Backend Developer - Team Project

- Led cloud infrastructure planning and backend development for a collaborative software project.
- Built a complete CI/CD pipeline using GitHub Actions to automate builds, container registry publishing, and Kubernetes deployments.
- Reduced manual deployment effort by 100% and enabled deployments in under 3 minutes.
- Implemented Docker containerization with Nginx and Kubernetes rolling updates for zero-downtime releases.
- Created Infrastructure-as-Code Kubernetes YAML manifests for deployments, services, and configuration management.
- Implemented health checks, liveness probes, and readiness probes to improve reliability.
- Collaborated with developers and documented deployment processes and infrastructure configurations.

Cloud Infrastructure & Security Lab

- Managed AWS EC2, S3, and IAM learning environments.
- Practiced Linux administration, system hardening, network security, and cloud monitoring.
- Applied cybersecurity principles to secure infrastructure and deployment environments.

Education

BSc Cybersecurity (Ongoing) - Ghana Communication Technology University (GCTU)

Certifications & Continuous Learning

AWS Cloud & DevOps Self-Study | Kubernetes and Containerization Labs | Linux Administration Training | Cybersecurity Practical Training
